THE CLEARFIELD PROGRESS, CLEARFIELD, PA., WEDNESDAY EVENING DECEMBER 29, 1920

FARM BUREAU IN ANNUAL MEETING DECIDES ON POLICIES FOR 1920

Farming Communities Desiring Most Help From
The County Organization Must be Willing to
Work and Co-operate With the Farm Bureau

OFFICERS AND BRANCH HEADS NAMED

The annual meeting of the Clearfield County Farm Bureau was held in the Arbitration Room of the Court House yesterday, December 28, at which time new officers were elected for the coming year as follows: President, Peter Gearhart; Vice President, W. T. Thorp, Gramplan; Secretary, T. L. Wall, Gramplan; Treasurer, James Mitchell, Clearfield.

Besides this the executive board appointed the following men to head the different major prospects: G. D. Walker, Luthersburg, to head the dairy improvement work, James McPherson to head the soil fertility work, Russell Jay, crop improvement, and Orvis Guelich, poultry improvement.

The financial report of the treasurer showed an over draft of 14c with bills payable of \$30.16. A motion that the annual business meeting be held the last Tuesday in January of each year, was proposed and unanimously adopted and inserted in the constitution and by-laws.

The afternoon session was taken up with the County Agent's report and an address by Prof. Beasler of State College and a few remarks by Dr. H. H. Havner, Extension representative of State College. The trend of the discussion during the afternoon was the community and its function with the Farm Bureau. It was decided to limit the work of the major projects to 6 or 8 communities who were willing to co-operate during the coming year and to put on a poultry culling demonstration in each of the 22 communities of the county. Local community meetings will be called in the near future to determine which projects are desired in that community. The work of necessity must be limited and consequently the communities desiring this work and showing the most cooperation will be the ones which will receive the first assistance. A tentative copy of the constitution and by-laws for the proposed state federation of Farm Bureaus was read and discussed but laid on the table until the next annual meeting.

PENROSE WILL GO TO WASHINGTON NEXT WEEK TO FIGHT EMERGENCY TARIFF BILL

WASHINGTON, Dec. 29.—Senator Penrose of Penna. Chairman of the finance committee, is expected in Washington next week to take full charge of the fight over the emergency tariff bill, Senator McCumber announced today. No definite time has been set for Penrose's arrival and his health may make it impossible for him to come at all but McCumber said Penrose plans to spend a few days here if possible.

WILSON REFUSING ALL OFFERS FOR HIS PEN PRODUCT AFTER RETIRING TO STAD LIFE OF PRIVATE CITIZEN

WASHINGTON, Dec. 29.—For just one article a publishing company has offered President Wilson \$150,000 it was learned today, and the President declined the offer. Scores of publishers have come to the White House with offers to buy the output of the President's pen after he leaves the White House next March 4. While one man has intimated that he has an agreement with Wilson it was stated at the White House that offers have met with refusals just as the \$150,000 offer did. The President's reason for the refusal of the offers is because he desires marketing his literature for what it will bring and not accept a definite sum for an article which might not measure up to the standard the President has set for himself. Just what nature the President's writing will be is not known to anyone but the President has always shown a great interest in economic history in the United States and it is probably that he will in the future write along these lines.

FIFTY THOUSAND FORD EMPLOYEES ARE IDLE WHEN HIGHLAND PLANT CLOSES

DETROIT, Dec. 29.—The Ford Motor Company's Highland Park plant employing 50,000 men has been closed for an indefinite period it was announced today. The plant which was shut down for inventory probably will remain closed several days following the completion of the inventory. It was declared it would suspend operation until at least February 1.

FIGHTING CEASES IN FIUME DISRUPT REBELS WILL SURRENDER IS BELIEF

ROME, Dec. 29.—With the Italian Regular Army in control of about half of the city a truce was in effect today while Fiume authorities, presumably with the full knowledge of Gabriele D'Annunzio, considered yielding to the government's demand for recognition of the Adriatic treaty as a basis for permanent peace. Cessation of hostilities was greeted with great joy all through Italy where Nationalists had begun to arrange demonstrations to protest against the shooting of the citizens of Fiume, countrymen of their own blood. Casualties in the two days' fighting as reported were not high considering the big advance made by the Regulars. A total of 50 dead on both sides with possibly 200 wounded comprised the casualty list. The regular troops are in a strong position for another advance should it be ordered. The troops were formed in a wide semicircle around the city.

HOLIDAY SOCIAL AT 11TH STREET M. E. CHURCH

There will be an old-time social at the Eleventh Street Methodist Episcopal church on Thursday evening.

A general good time with refreshments such as has made this thriving church famous. No expense to you other than your supply of good nature.

Try a Want Ad.

COAL BUSINESS AT LOWEST EBB SINCE LONG BEFORE WAR

Bituminous coal is selling on the spot market at the lowest figure in three years, with little or no quantity demand. Sales were reported on the local market yesterday as low as \$2.25 a ton and one sale at \$2.

With winter at its height operators are unable to give satisfactory explanation for the lack of demand. The market has been on the decline for several months and although it was believed that the bottom had been reached at \$3.50 the price has been steadily dropping and a few operators believe the end is not yet.

Practically every wagon mine in the territory closed when the price dropped to \$4 and now the slow demand and the \$2.25 price has resulted in the shutting down of many pit mines and the prospects that some of the major operations will temporarily cease operations are strong.

Operators maintain that at the present price of coal no mine in this section can produce coal at a profit and a number have announced wage cuts. One operator is said to have made two pronounced cuts within the past month.

It is not regarded as probable that the present stagnation in the coal market will be continued for any length of time. In fact it is regarded as unusually strange that such a condition should exist at the present time. This is the middle of winter, a time when there is an excellent demand for coal for domestic purposes; a time when everyone is forced to use coal in abundance to keep their homes and places of business warm.

MILK DROPS IN PRICE AT DUBOIS

It will be very welcome news to the people of DuBois that the price of milk will be reduced, beginning January 1, 1921. The following prices will then become effective:

Prices will be reduced from 16 cents per quart to 14 cents per quart. Pints will be reduced from 9 cents to 8 cents.

This reduction, coming in the middle of winter, is somewhat unexpected, but at the same time will be heard with much satisfaction. As previously noted, the prices of milk have been reduced in a number of the cities and in some of the surrounding towns. It was expected that some action along this line would be taken in DuBois, and now comes the announcement of the decrease. The decrease noted above will be made of the time specified by the DuBois Co-Operative Milk Depot and it is probable that all of the other dealers will follow suit at once.

Miss Jessie Baumgartner, a valued teacher of Bradlock, is spending her Christmas vacation at her home on Ninth street.

THREE BOYS DECIDE TO BE JUST COMMON SCOUTS AFTER TRY FOR FIRST DEGREE

A couple of West Side boys and a tow-headed lad from Fourth street, who are enthusiastic Boy Scouts, decided to qualify as first degree scouts by enduring the hardships of a winter night in a tent on the bleak hillside at the foot of the mountains. Last night was the date selected to Dan Beard old Jack Frost at his worst and just before dark the three scouts with a couple of "pup tents" strapped to their backs left civilization behind them as the town crier took up his long night vigil.

The boys and their tents arrived at the trying place with Dame Nature at her coldest of the winter and after a parley while fingers were being warmed a place for the tent was tramped in the snow and one tent placed on the frozen ground, while the other was erected for a shelter. Frosted fingers took some time to get the canvas up but when the last rope had been fastened three chilly boys crawled inside just as night was settling over the landscape.

Unrolling a meagre supply of blankets the three "pioneers" rolled in. Outside the tent the thermometer was getting quite familiar with zero while inside she appeared to be no less than ten degrees below. The more they attempted to enjoy it the more the cold neared the marrow of their bones.

The Fourth street scout put up with the freezing for about half an hour. Then with chattering teeth and in shivering voice he informed his fellow scouts that he was "g-g-going h-h-home; too darn cold here for me." This appeared to be just what the other fellows were waiting for and those tents were yanked down and rolled up in much less time than it takes to tell the story.

The frost bitten nature lovers hit the trail for home and at 10 p. m. an anxious Fourth street mother was notified that "I'm in mother and I'm going to stay with the other boys; at their home to get thawed out and will be home in the morning."

We promised not to give the boys away for fear Scoutmaster Stewart and the rest of the scouts would find it out and inquire about the disastrous attempted earning of scout honors.

NOON STOCKS

New York, Dec. 29.—Twelve o'clock prices on the stock exchange today were: American Steel Foundry, 28 1/2; Anaconda, 20 3/4; Baldwin Locomotive, 12 1/2; B. & O., 33 3/8; preferred, 48 1/4; Bethlehem Steel, 53 1/8; Central Leather, 32 1/4; Crucible Steel, 71; Erie, 13; General Electric, 117; General Motors, 13 1/2; Middle States Oil, 11 3/4; Midvale, 30 1/8; Okla. Producers, 3; United States Steel, 78; preferred, 104 1/2; Westinghouse, 21.

UNCLE JOE HOLDS RECORD FOR MEM- BERSHIP IN HOUSE

Washington, Dec. 29.—When "Uncle Joe" goes up to the capital, drops his long black cigar into a cuspidor and enters the chamber of the house, he will have established a new record for length of service in the halls of Congress, 48 years 9 months and 26 days.

When Speaker Gillette's gavel fell today at the adjournment, "Uncle Joe" had tied the record held by the late Senator Justin Morrill, of Vermont, whose service in the senate was 43 years, 9 months and 26 days. Senator Morrill died December 28, 1899.

In recognition of this record the House today will lay aside legislative matters and pay tribute to "Uncle Joe." Former Speaker Champ Clark headed the Democrats and Representative Rodenberg, of Illinois, and other Republicans will offer felicitations from their side.

"Uncle Joe" began his services in the forty-third Congress which was convened December 1, 1873, and has been elected to every succeeding except two. In the November election he was re-elected to the sixty-seventh Congress.

YOUNG BUSINESS MAN TAKES BRIDE

Robert Gray, and Miss Louise Turner were united in the holy bonds of matrimony at 7:30 o'clock this morning, the ceremony being performed by the Rev. M. A. Ryan at a nuptial mass in St. Francis church. The attendants were William Turner, brother of the bride, and Miss Margaret Lynch.

Following the ceremony the wedding party repaired to the home of the bride's parents on Fifth street, where a sumptuous wedding breakfast was enjoyed.

The young couple are well and most favorably known in Clearfield and start down the stream of life together with the best wishes and heartiest congratulations of their host of friends.

The groom is a former Punxsutawney boy. He has been a resident of Clearfield the past couple of years, being in charge of the Gray storage station. His bride is the charming daughter of Mr. and Mrs. W. A. Turner, Fifth street. They have already gone to housekeeping in their home on the West Side.

ROCKTON FAMILY SUFFERS HEAVY LOSS

The home of Alfred Bailey at Rockton was totally destroyed by fire early Christmas morning. Mr. Bailey and his family were forced to flee from the burning house in their night clothing and house and contents were a total loss.

In addition to their clothing, bed clothing and household goods, their winter supply of potatoes, apples and canned fruit were also destroyed, as well as several Liberty bonds. Mr. Bailey had about \$700 insurance.

TWIN BROTHERS, AGED 24, KILLED FAST TRAIN FOR EXHIBITION IS KILLED AND THE OTHER

Left Father's Automobile Repair Shop in
Country Community to Play Role of
In Most Daring Hold Up of

PARENTS HEARTBROKEN AT TRAGEDY

KANKAKEE, Ill., Dec. 29.—Working in a little automobile shop in Greenville near here, eventful existence Jacob and Joseph Rowe decided to add a little spice to life by heading off a 2 New Orleans to Chicago train on Dec. 28, a result of which Jacob is dead and Joseph is in the hospital.

The boys, who were 24 years old, were on the train when it was held up. The boys, with red handkerchiefs over their eyes, held up the train for about 10 minutes.

The boys, with red handkerchiefs over their eyes, held up the train for about 10 minutes. The boys, with red handkerchiefs over their eyes, held up the train for about 10 minutes. The boys, with red handkerchiefs over their eyes, held up the train for about 10 minutes.

The boys were found soon after the hold up. A dash to escape and locked himself in a waiting room. An officer returned the fire and when he knocked in he was found mortally wounded. He died in the height of fashion the passengers said.

ELEVEN YEARS AT HARD LABOR GIVEN ASSAULTER HOMER

George Homer, of Clearfield, who was convicted of criminal assault in last week's criminal court, was given a daily dose in keeping with the gravity of his crime, when called up this morning.

When called to the bar for sentence Judge Ball asked Homer if he had anything further to say. The prisoner mumbled something about being innocent. The court then took in with, "Homer, the jury in your case had no question of your guilt and the court will follow the lead of the jury in sentencing you. The sentence of the court is that you pay a fine of \$1, the costs of prosecution and undergo imprisonment in separate and solitary confinement of labor in the penitentiary for a term the maximum of which shall be 11 years and the minimum 11 years.

The sentence was approved by and agreed with everybody except Homer, who seemed to be very much knocked out by the term handed him.

DISMAL SWAMP IS SEARCHED FOR DE- CAMPED PAYMASTER

Norfolk, Va., Dec. 29.—Armed sailors in motor launches today cruised Dismal Swamp in search of Yeoman J. W. Myers, who is accused of deserting the Destroyer Saterlee with \$72,000 in money. The Saterlee remained at Norfolk while a search was continued for Myers. The vessel was preparing for a tour to South America when Myers escaped with the pay roll which was to pay the crew. The missing sailor was last seen going in the direction of the Dismal Swamp dressed in civilian clothes. Unless Myers is found within a few hours a large reward will be offered for his arrest.

SISTER DIES AT GETTYSBURG

John A. Stock was notified by wire today of the death of his oldest sister, Mrs. William Weaver, who died at her home in Gettysburg at 4 o'clock this morning.

ENGAGEMENT ANNOUNCED

Miss Alta Boyce entertained at an informal tea yesterday afternoon in the girls of her crowd and announced the engagement of Miss Rebecca Smith to Jack Fulford.

COURT NOTES

John Cousins, by his attorneys, Miller and Hartwick, has entered suit in the probate court's office against the Irons Coal and Coke Company in which it is sought to recover \$1,000 as damages due to the alleged trespassing by the defendant on land claimed by the plaintiff in Becaria township.

VACCINATION
The father who refuses to have his son or daughter vaccinated and thus deprives his child or children of the advantages of the public schools is committing a wrong against his progeny.
Every child in Pennsylvania ought to have at least a public school education. They are going to need it in the years to come. And no parent who is not badly advised or who has not a misconception of the truth will stubbornly refuse to comply with the law requiring vaccination.
The law is a wise one. It was enacted as protection against smallpox. It has proven so successful that smallpox is exceedingly rare in this state.
No parent need fear to have his child vaccinated. There is no danger in the process. Most children never lose an hour's sleep or an hour's play from it. Nor should the matter of expense be considered, as the district will pay for vaccination where the parents are financially unable to do so.

WHY WE CANNOT HAVE A PANIC
Now and then we hear some gloomy persons, speaking about the period of readjustment through which the United States and the world is passing, predict a panic. They are irresponsible babblers who do not know what they are talking about. They do not even know the difference between a panic and a depression and think the two words are synonymous.
W. G. P. Harding, governor of the federal reserve board, in an article on "Why We Cannot Have a Panic" in the December issue of System, tells the difference between a depression and a panic in words which we all can understand. He says:
"A depression in business is not to be confused with a panic. A financial panic is exactly what the word connotes—a wild, unreasoned scramble—mad it is always the panic that, not the underlying financial condition, that causes the widespread disaster. On the other hand, periodic depressions in business are as beneficial as rests on a long journey.
"The general business condition which precedes a period of depression is called a 'crisis' and the average man does not know that there is a crisis until it has come and gone. It hits, as a rule, only those who are conspicuously lacking in business ability—that is, the accidents in business—while a panic, on the other hand, always involves runs on banks and consequently is an inability on the part of competent and solvent business men to get timely accommodations to tide them over.
"A panic is always followed by a period of depression that may last for a long, but a panic never follows depression, for it is impossible to work up the emotional ardor necessary for a panic unless the blow—the fire—starts when everyone is feeling particularly prosperous."
What we are experiencing at the present time is a depression, due very largely to the necessity of a revision downward of the war prices, brought about by what Mr. Harding calls the "temper of business." To quote him again:
"The moment the mass of the people begins to worry about high prices the temper of business starts to change. The concerns that have over-extended themselves find it necessary to cut prices in order to get money with which to pay their debts. Other concerns must likewise reduce in order to meet the competition and we have a period of falling prices. We are in such a period now."
But, he points out, this depressed period does not continue indefinitely through a very long time. The community has to start buying again, and business is going ahead normally before there is a realization of the fact. Once it is realized, another era of prosperity sets in.
It is the judgment of keen observers that the present depression will be of short duration. There will be a scaling down of prices to a new basis, probably somewhat above the old standard, and when these are adjusted there will come a new and more substantial period of prosperity.—Altoona Mirror.

Service For Business Men

In these days of re-adjustment to normal conditions many problems will no doubt arise.
This bank is always at your service.
County National Bank
of Clearfield
The Oldest Bank in Clearfield County

WOODLAND

Rev. J. F. Strayer, pastor of the United Brethren church, spent a week in Baltimore, returning Friday. He was at the bedside of his sister, who is very ill.
Roy A. Gooding and Miss Alice Mains were married at the United Brethren parsonage December 18.
Mrs. J. F. Strayer entertained all of her brothers and sisters over Christmas. This is the first time they have all been together for over 15 years. A very pleasant time was spent. Her brother, Edward Rose-year, of Johnstown, wife and daughter; sister, Mrs. Hall Benson, husband and three sons, John, William and Thomas, also of Johnstown; sister, Mrs. Ellis Boyer and husband, of Allport, sons, Edward, Robert, Ellis, Jr., and daughters, Pearl and Alotta, were the guests.
Kenneth Laird and Miss Iva Rowles were united in marriage at the United Brethren parsonage at high noon on Christmas day.
Michael George, of O'Prage, and Miss Vanda Davis, of Philadelphia, were united in marriage at the United Brethren parsonage, Monday, December 27, and left on the 1:30 o'clock train for Portage, where they will reside. They were attended by Miss Thelma Stewart, a niece of the bride, and Jerome Straesser.
A very acceptable Christmas entertainment was given by the Pleasant Valley United Brethren church on Sunday night. The Sunday school members were treated and everything was given as before the war.
The Woodland United Brethren church rendered a program on Sunday night in honor of Christmas.

Weapons Are Intricate.
A rifle is a more or less simple-looking mechanism, but to make this rifle 1,229 separate manufacturing operations must be executed. One round of 8-inch shrapnel means 855 operations; to make an automatic pistol, 614; and for the terrible, little mitrailleuse or machine gun, 1,500. The lightest 3-inch field gun costs \$1,400.

Earth and Moon.
Fifty moons would equal the earth in volume although it would take 51 times the mass of the moon to equal the mass of our planet as the lunar density is only six-tenths that of the earth. The entire surface of the moon about equals North and South America in area, though about 40 per cent of this surface we can never see, since our satellite always turns the same face toward us.

Spoken in Haste.
Collector—"But you said you would pay me if I came today." Mr. Blders—"Well, my friend, you know how it is—the best of us sometimes say things that we are sorry for."

In Public Life.
"To look at me now, mum, you wouldn't think that I used to be in public life," said the tattered visitor. "Dear me!" exclaimed the sympathetic housewife. "Were you a member of congress, or something like that?" "No, mum. I was a train announcer in one of the largest railroad stations in the country."

Chicken Feed Special

It is a long time since you have been able to buy Scratch Feed at our present price. We want to move a lot of it this week and we are going to deliver it to your door at \$3.45 for a full hundred pound bag. Fine quality mixed grains. In the dry mash feed we have Chicken Chowder and Lay or Bust.

LOST AND FOUND

LOST—Sunday night on Market street, between Fourth street and Market street bridge, a brown bill fold, containing a sum of money and owner's name. Reward if returned to this office. 12-29-41p

Fear Spiritual Weakness.
Fear is simply spiritual weakness, which may be compared to nervous weakness of the body. In other words, it is lack of spiritual sense of strength. And, as you know, spiritual strength comes from right morals, just as physical strength comes from right living. A bona sense of being right drives out all fear. Hence a certain triumph of the defense of right over their opponents, even in spite of superior numbers.

Three "Barleycorns" in Inch.
The inch was formerly subdivided into three "barleycorns," these divisions being originally the length of a well-dried grain of barley.

Onycha.
The word onycha occurs only in Exodus 30:34, as one of the ingredients of the sacred perfume. Onycha is the shell of a mussel found in some lakes in India, which, when burned, emits a musty odor.

A.Ph.

What does that mean?

NEWS OF OUR NEIGHBORS

CURWENSVILLE

According to comment of a goodly number of our citizens yesterday forenoon, it is a great mistake to permit any Tom, Dick or John to try and run the big LaFrance fire truck every time a fire alarm is sounded. It is a general opinion that borough council ought to hire a good, competent man to take care of the machine and learn how to handle it; and at the same time have him act in the capacity of street commissioner and janitor of the borough building and pay him a yearly salary for the work. It is not good policy that every time that it is necessary to take the fire truck out to have an inexperienced man occupying the engineer's seat. The outcome of this was plain to all Tuesday. The engine reached the fire scene all right, but it required a team of horses to get it back to the public building. A thoroughly competent man would be a money-saver all right.

Laboring men have at last commenced to realize that being out of employment means something to them now, since about all of the industries in town have suspended operations for the time being. This time last year jobs were hunting men, now it is reversed and men are "rooting" for jobs. A year ago men were making big wages and getting in full time. No complaints made about the high cost of living, as you now hear on every hand. Money was spent freely and without restraint and very few working men laid aside a portion of their wage for a rainy day. Since work has become a scarcity they have been brought to a realization that they made a grave mistake. As a business man told us yesterday, that Curwensville for two years saw its most prosperous times in its history and he was of the opinion that never again would laboring men have such a chance to make big money and save some of it as in two years past. Men, he said, who came into his store and paid cash for goods, offering bills of large denomination in payment and not asking for reduction in price, are now asking for credit until a renewal of work at their places of employment. It is pretty hard for families who lived at the rate of \$3 per day to reduce the cost of living more than half of that sum, which many of them are now compelled to do, all because work is scarce at the present time. He also notices that there are more idle men in Curwensville today than at any time since the close of the world war. He believes, as we do, that the wage and labor questions will adjust themselves on a better and more steady basis within the next few months at least, and that there will be employment for every one who has any desire whatever to work and earn for themselves and families a substantial living for themselves and families.

Richard Lantz and Daniel Irvine are two of the happiest young men in this time at present. On Monday night Dr. Stork visited each of their homes and left a holiday package which will remain with them for some time to come, at least they hope so. At the Lantz domicile the obliging doctor deposited a strong and healthy girl baby, and at the Irvine homestead he went 50-50 and left a young son. There is great rejoicing in both households.

The DuBois Brewing Company sold recently to Mr. Detrick, of the

Central Hotel, a slice of real estate on Filbert street for the sum of \$7,000.

The members of the Methodist congregation here never pass a charitable appeal by without an effort to contribute and help it along. On Sunday almost \$500 was pledged for the relief of the starving children in Armenia and of the Near East. This amount will no doubt be increased considerably.

Some half dozen hunters who did not get enough sport on the mountains deer hunting, are organizing a fox hunt which will last several days. So far this season there has not been a single reynard slaughtered in this neck of the woods, and those animals are reported to be quite plentiful.

Mrs. Alice Montelius, who has been confined to her home by illness for almost a week, is reported as being improved.

Within the next day or two Messrs. Mender and Gary Brunetti, who have been home from the school at Morgantown, W. Va., for a week, will return to again take up their school duties.

The new coal mine lately opened up by the Lantz Coal Company, near the Pee-Wee's nest, is now in operation and coal is being taken out. The mine will be operated in full after the holiday week is over. The coal is of a first class quality.

A Recipe.

TOLD IN CLEARFIELD

A Resident Known to all Our Readers Relates an Experience
Readers of the Progress have been told again and again of the merits of that reliable, time-proved kidney remedy—Doan's Kidney Pills. The experiences told are not those of unknown persons, living far away. The cases are Clearfield cases, told by Clearfield people.

O. P. Conklin, 414 Nicholas street, shoemaker, Clearfield, says: "I suffered with my kidneys some time ago. I was drowsy and would get dizzy. I also had headaches and a bad pain in the small of my back, which caused me a lot of annoyance. It was difficult for me to stoop over on account of this trouble with my back. Doan's Kidney Pills helped me wonderfully, removing the pain in my back, dizziness and drowsiness. The headaches also went away."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Conklin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

Entertain With Bullfights.
Private bullfights are occasionally given by the very rich people in Madrid, and guests are invited to them as they would be to a dinner.

That Money Gift Will Buy A Splendid Gift

And we are prepared with the gift. Despite the heavy holiday selling stocks are ample for you folks who wish to use the money gift you received for the buying of some little gift.

You'll find ample selections ready.

J. C. Snyder

COURT NOTES

Boulton & Forsyth entered an appeal from the State Compensation Board's award in the case of Nick Modica, of Madera, against the Boston Collieries Corporation and the Pennsylvania Bituminous M. A. Ins. Co. Modica, an employee of the Boston Collieries Corporation lost about half of the four fingers on one hand in an accident at the mines of the corporation and in September last an agreement was reached by which Modica was to receive compensation for the loss of a hand, with the stipulation that before the award would be made final a second examination should be made to determine the actual extent of the man's injury. Modica asked that the award be made final despite the stipulation and the Compensation Board on Dec. 14th allowed his claim.

H. M. Ristich, by his attorney, L. D. McCall entered suit in the Probationary office against the United Traction Street Railway Co., of DuBois, in an effort to recover \$200.00 for damage done to a motor truck of the plaintiff when it was hit by a street car on July 17th last.

The Curwensville Motor Truck Company will resume service over the state road on the following schedule:

Leave Curwensville	Leave Clearfield
6:15 a. m.	8:00 a. m.
9:30 a. m.	10:30 a. m.
2:00 p. m.	2:30 p. m.
3:00 p. m.	4:00 p. m.
4:30 p. m.	5:30 p. m.
7:00 p. m.	7:30 p. m.
10:30 p. m.	11:00 p. m.

DINE for a DAY for a DOLLAR

CORNER
BEEF

CORNER
BEEF HASH

THE high cost of providing three square meals a day has no terrors for the housewife who invests in War Department Canned Meats.

With a generous supply of this wholesome, guaranteed pure, canned Corned Beef and Corned Beef Hash on hand, she is ready for any emergency with delicious, steaming dishes to tempt any appetite.

Uncle Sam has unlatched the doors of his mammoth store houses, and millions of dollars' worth more of this canned Corned Beef and Corned Beef Hash has gone forth to the dealers of the country, through whom you can buy in abundance. See your dealer at once; show him this advertisement; lay in a whole winter's supply. Ask him to give you the excellent, appetizing recipes for preparing this nourishing, palatable food.

These meats are sold to dealers at the wholesale prices opposite, which allow him a legitimate profit and result in a big saving to you.

Dealers' orders should be sent to Depot Quartermaster at the following addresses:
Brooklyn, N. Y., 29th St. and First Ave.
Boston, Mass., Army Supply Bldg.
Chicago, Ill., 1616 N. 36th St.
Atlanta, Ga., Transportation Bldg.
San Antonio, Tex., San Francisco, Calif.
CHIEF, SURPLUS PROPERTY BRANCH,
Office of the Quartermaster General,
Munitions Bldg., Washington D. C.

THE WHOLESALE PRICES are related below. They will give you some idea of what you will save on your purchases.

CORNED BEEF HASH	
1 lb. can,	14c per can
5 lb. can,	70c per can

WAR DEPARTMENT CANNED MEATS

BELLS LANDING HAS FINE REPORT ON HOSPITAL DRIVE

This Bells Landing report on the hospital campaign is a very commendable document. Notwithstanding the very small population there are about 50 names on the list and all for very liberal amounts. This fine work has been projected by Mrs. B. Rose Spackman, who did about all the soliciting and the hospital districts are very appreciative of her efforts. The total amount raised is \$444.

A Chicago physician says girl babies begin to talk earlier than boys. Yes, and you can bet your life they are in for the last word, too.—House-keep Post.

Drinking a Glass of Hot Water is a Splendid Habit

Cleanse and sweeten the system each morning and wash away poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before eating more food.

The action of limestone phosphate and hot water on an empty stomach is wonderfully refreshing. It cleans out all the over fermentation, gases, waste and acidity and gives you a fine appetite for breakfast. A quarter pound of limestone phosphate costs very little at the drug store, but is enough to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism an enthusiast on internal sanitation.

Who is the Pope?
St. Andrew was the strongest pope and was supposed to be a saint. He was elected when a child, and his year as pope was one of constant trouble for the church. He was hated, abused and persecuted after coming to Rome and being elected. —Ted from St. Andrew.

It Isn't So Easy.

"TRUMPET ISLAND"

Three lives, one a path of roses, another of rocks and a third full of mud, travel along together. Sometimes they almost meet and then diverge. Again they cross and then the road of mud ends in darkness. The path of roses becomes one of primroses and the road of flowers is filled with thorns. It is a beautiful story, a picture of contrasts; high lights and deep shadows. The wild debauch in the Towers studio with wine, women and song, stands out against the simplicity of the life on Trumpet Island, where Richard goes to redeem himself. There are many spectacular thrills, such as the electrical storm which wrecks the airplane in which Eve and her husband commence their honeymoon, and the sensational fall into the ocean, a thousand feet below. From this point the story soars to new heights and touches spots never before shown in motion pictures. "TRUMPET ISLAND" is different. We DO want you to come and see it.

Busy Lines

"Of course my lines are busy," says Oliver Towne. But they're busy making connections for you folks who are seeking new positions, new help, better living quarters, autos, investments, etc. Yes, these Want Columns are a very busy exchange—busy exchanging what you have for what you want. And remember a few lines here will get you calls from all over town.

CURWENSVILLE ADDITIONAL

O. H. Chapin, bookkeeper at the Summit tannery, was called out of town yesterday on receipt of a telegram announcing the death of his father.

Three hundred cars of coal standing on sidings between here and Philadelphia for which there is no sale at \$2.75 a ton is the estimate, yet the price of coal in Curwensville markets remains at from 18 to 20 cents per bushel.

The stockholders of the Greenwood Lumber Company and its auxiliaries held an important meeting yesterday.

WILL PLAY AT DUBOIS TOMORROW

The local American Legion basketball team will play the DuBois American Legion team at DuBois tomorrow night.

Cockades of French Revolution. The cockades of the French revolutionists were composed of the red of the Paris commune and the blue of the ancient monarchy. In the troubled times, just before the deposition and execution of Louis XVI. Lafayette, to signify the desire of the people for a reconciliation with their king, added the Bourbon white to the cockade. The tricolor as a national emblem was adopted by the convention in 1794.

Learning From Birds.

Many wise suggestions come to one who observes the ways and traits of birds. Study of birds well repays the effort it demands. Respect for animal life and bird life humanizes us. The greatest and best of mankind have been tender and loving to animal life. The more we become friends of the birds the more we shall feel the force of the text. "Not one sparrow shall fall to the ground without your Father. Fear ye not, therefore, ye are of more value than many sparrows."—Milwaukee Journal.

Trees Grow Once in Ten Years. Lolly trees once inhabited Greenland and nearly all of the inhospitable northern lands. Trees of the same sorts as are growing today are found as fossil remains in countries where the climate is now so harsh that scarcely any tree will grow even a few inches high.

The Question Of The Hour----

Have You Joined Our 1921 Xmas Savings Club

And if you are going to join during 1920 you've got to hurry. The hours are getting short—the time grows less and less when you can end the year right whether you started it right or not.

All you need is the idea to start, then the "nerve" to continue—then you will get a real joycheck at the time you're worrying about the next Xmas Bills.

It's the easiest way in the world to save—Join tomorrow.

Gossip for Tonight's Tea Table

Squire Ed Billotte, of Lecoute's Mills, was transacting business at the court house today.

Mrs. W. C. Williams, 810 Walnut street, received word that her daughter-in-law had died at 1 o'clock this morning. She will leave for Pittsburgh this evening.

Miss Theresa West, of Juniata, is visiting at the Lutheran parsonage, the guest of Rev. and Mrs. E. Roy Hauser.

Mrs. William H. Yon, of Juniata, spent yesterday at the Lutheran parsonage.

Miss Margie Betts is ill at her home on Old Town road.

R. M. Haney transacted business in Surveyor yesterday.

J. S. Mills transacted business in Curwensville and Philipsburg this week.

J. C. Edmiston and children, of Jersey Shore, spent Christmas at the home of C. C. Edmiston, Pine street.

The nurses of the Clearfield Hospital entertained about 75 guests at an informal dance and card party Monday night. A delicate lunch was served by the nurses.

Richard, O'Neil returned from Oscoda, where he spent Christmas vacation.

Elizabeth Reed, of Pine Grove, spent the day in town.

Kenneth Frew returned to his home in Leechburg after a visit at the home of A. P. Kroher.

Scotty Calahan is transacting business in Kansas City.

Mary McGannan, of DuBois, spent yesterday with friends here.

Ira Stock, of Philipsburg, attended the dance last night.

Miss Lulu Tobias is visiting with friends in Boardner.

Mrs. Fegley and daughter, Lois, attended the dance in the Dimeling Hotel last night.

Mr. and Mrs. Rowe, of Johnstown, are spending the Christmas vacation with their son-in-law and daughter, Mr. and Mrs. Harry Adams, Margaretta street.

Miss Pearl Orr is ill at her home in Glen Ruhey.

Miss Lucille Boyle attended the dance at the Dimeling Hotel last night.

Mr. and Mrs. Charles Livingston returned to their home in Coshocton, Ohio.

Sheriff Gorman transacted business in Philipsburg yesterday.

Aaron Dowler is visiting friends in Indiana.

Red Martin is home from Pittsburgh to spend his Christmas vacation.

Marcella and Jack Boyle attended the dance last night.

Miss Isabelle Oxley is visiting friends in Snowshoe.

Rhea Conoway shopped in our stores yesterday.

Miss Lois Shirey returned from a visit with friends in Sonstown.

"Nig" Johnson, of DuBois, attended the dance here last evening.

Mrs. Kyle Owens and family returned to their home in DuBois after a visit with her parents, Mr. and Mrs. Thomas Hooven.

Mrs. Scott Calahan and children are visiting friends in Philipsburg.

POLICEMAN N. J. SMITH NOW DISCUSSES CASE

Officer Ached From Head to Foot with Rheumatism—Tanlac Ends His Troubles And He Gained Twenty Pounds.

"Many of my comrades, as well as numbers of my other friends, know what I think of Tanlac for I have told them," said N. J. Smith, a well known police officer, residing at 416 North 58th street, Philadelphia, in an interview, recently. Mr. Smith has been with the Philadelphia Police Department for five years, and is not only popular as an officer but highly esteemed as a citizen.

"For five years, or more," continued Officer Smith, "I have suffered with rheumatism at times practically all over my body. My arms and shoulders often hurt me so bad I could hardly raise my hand high enough to put my cap on, and my legs got so stiff and hurt so bad I couldn't walk without limping. At times my back ached so I could scarcely stoop over to pick up anything, and it was next to impossible for me to walk. I had a dull ache all through my body which at times turned to sharp shooting pains, and I just had to grit my teeth to keep

from groaning. Often I would get dizzy and nearly lose my balance, and the pains made me so weak I could hardly stay on my beat. Finally I got to having sharp pains in my chest so bad I couldn't get a deep breath without just suffering agony. My suffering shattered my nerves, and I got to where I would jump at the least noise. Nights I lay awake for hours without closing my eyes, the pains torturing me in every position I assumed, and I was so nervous and miserable I just wished for day to come. I lost considerable weight and got to where I was constantly losing several days at a time from work on account of my condition.

"Well, I finally decided to try Tanlac, having heard it praised so much, and I count myself lucky that I got it. Why, even the first bottle helped me, so I got more and kept taking it until now I feel like a new man. I haven't a trace of rheumatism left, and my muscles are as supple and strong as they ever were. I have gained twenty pounds in weight and am now about as husky and strong as I ever was. Tanlac is great, there's no getting around that fact."

E. F. Fisher, of Pittsburgh, is transacting business in Clearfield.

Word was received today by Mrs. H. Robb and W. S. Ingram that their uncle, George Ingram, a former resident of this city was drowned in an automobile accident in Buffalo on Christmas Day.

Mrs. Earl Pierce and daughter, Heloise, of Pittsburgh, who have been visiting relatives in Bigler, spent yesterday with Mr. and Mrs. Dayton Spackman.

ENGAGEMENT ANNOUNCED

At a dinner given in honor of Miss Emily Gaulin and Cortez Bell prior to the ball last evening at the Dimeling Hotel by several of the college associates of Mr. Bell, the engagement of the honor guests was formally announced. Covers were laid for 19.

Sheldon M. Brown, of DuBois, and C. L. Chatham, of Williamsport, were guests from out of town.

OUCH! BACKACHE! RUB LUMBAGO OR STIFFNESS AWAY

Rub pain from back with small trial bottle of old "St. Jacobs Oil"

When your back is sore and lame or lumbago, sciatica or rheumatism

Get a small trial bottle of old, famous "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the stiffness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache, or rheumatism so promptly. It never disappoints.

One More Day Of Our GREAT PRE-INVENTORY SALE

If you live in the East End it will pay you to shop here tomorrow. If you live in some other section of the city it will pay you to come to the East End.

A Tonic and Health Builder

Pepto-Mangan Enriches the Blood and Supplies the Necessary Red-Blood Cells

EATING PLENTY BUT STARVING THE BLOOD

You Ought to Feel All Right But Somehow Don't

MORE RED BLOOD CELLS ARE NEEDED

Pepto-Mangan Enriches the Blood and Supplies the Necessary Red-Blood Cells

When you know you are not sick, but don't feel well—when you get tired more easily than people your age should—when you can't get up the energy to do the things you know you would enjoy doing, build up your red blood cells with Gude's Pepto-Mangan.

If your blood is weak you cannot be vigorous in body or cheerful in mind. Pepto-Mangan contains the elements that make rich, healthy blood. And as a result of the increased supply of red blood that Pepto-Mangan creates, the entire system attains the vigor that belongs to every man and woman.

Results from taking Pepto-Mangan show promptly. You feel benefited after a few days and much stronger in a few weeks. You may have some deep seated illness for which a blood tonic such as Pepto-Mangan is not sufficient.

Pepto-Mangan is prepared in two forms, liquid and tablets. They are exactly alike in medicinal value.

Ask your druggist for "Gude's" when ordering Pepto-Mangan. Look for the name "Gude's" on the package.—Adv.
